ABOUT ME

Computer Science and Engineering student with a passion for Artificial Intelligence, Machine Learning, and Web Development. Skilled in Python, project building, and problem-solving with a strong desire to learn and grow. Focused on creating smart solutions to real-world problems through innovative technology.

EDUCATION

Nri Institute of Technology
2023 - present

Bachelor of Technology

Computer Science and Engineering specialized in Artificial Intelligence and Machine Learning
CGPA-9.0

CERTIFICATIONS

Edunet- AI Transformative Learning with TechSaksham

NPTEL Certification-Data Structure and Algorithms using Java

Udemy-Python Full Course

FreeCodeCamp-Responsive Web Design

PROJECTS

SMS Spam Detection System Using NLP

Built an SMS Spam Detection System using NLP and Naive Bayes, achieving 98% accuracy. Developed a Streamlit web app for real-time message classification and user interaction.

Smart Face Recognition-Based Attendance System

Developed a Smart Face Recognition Attendance System with real-time detection, auto-logging of name, date, time, and location.
